

TRINITEX[®] ADVANCE

Pure Air for Power

AHLSTRÖM
MUNKSJÖ

Trinitex® Advance has the ability to combine EPA efficiencies, whilst delivering highest protection of the gas turbine in all demanding environmental conditions.

Trinitex® Advance has been designed to meet all key market requirements for Gas Turbine Filtration.

ADVANCED PROTECTION

Trinitex® Advance provides higher particulate removal efficiency than competitive products – reducing corrosion; delivering better protection of the gas turbine against dust particles and salt; minimizing unplanned maintenance shut downs.

ADVANCED EFFICIENCY

Trinitex® Advance delivers higher efficiency at equivalent level of pressure drop than competitive materials, helping to maximise output and minimize energy consumption.

ADVANCED PERFORMANCE

Trinitex® Advance offers better performance in humid environments, preventing liquid water ingress through filters, reducing penetration of waterborne salts, limiting pressure drop peaks during conditions of high humidity.

ADVANCED DURABILITY

Trinitex® Advance delivers extended performance in all challenging environments – increasing filter lifetime and reducing frequency for filter change.

Trinitex[®] Advance offers protection for gas power generation plants all over the world in all types of demanding environmental conditions.

Tropical

Heavy rain and high humidity

Industrial

Fine dust and high hydrocarbons

Off shore

High humidity, salt and hydrocarbons

Coastal

High humidity and salt

Ahlstrom-Munksjö is a global leader in fiber-based materials, supplying innovative and sustainable solutions to customers worldwide. Our offerings include decor paper, filter media, release liners, abrasive backings, nonwovens, electrotechnical paper, glass fiber materials, food packaging and labeling, tape, medical fiber materials and solutions for diagnostics. Combined annual net sales are about EUR 2.15 billion and we employ 6,000 people. The Ahlstrom-Munksjö share is listed on the Nasdaq Helsinki and Stockholm. The company was formed on April 1, 2017 through the merger of Ahlstrom Corporation and Munksjö Oyj. Read more at www.ahlstrom-munksjo.com
